

**Declaration of consent for the regular self-administration of rapid COVID-19 tests at school during the 2020/21 school year**

The regular self-administration of rapid COVID-19 tests requires the agreement of the person to be tested or – in the case of school children under the age of 14 – the parent or legal guardian. This consent applies to the regular self-administration of tests in school in the 2020/21 school year by your child and to the processing of related non-personal data.

This consent can be withdrawn at any time with future effect (by post, email or fax to the school). Withdrawal of consent does not affect the legality of any data processing or measures that took place on the basis of consent given. Withdrawal does not affect testing conducted by the health authority.

Detailed information about the self-administered antigen test and how it is carried out is available in German at: [www.bmbwf.gv.at/selbsttest](http://www.bmbwf.gv.at/selbsttest)
